

This project is a simple apartment manager project. I used mostly PHP, HTML, CSS, a little AJAX AND JAVASCRIPT with FULL CALENDAR. I added database with mostly MYSQLI. I have try to be minimalist in my design.

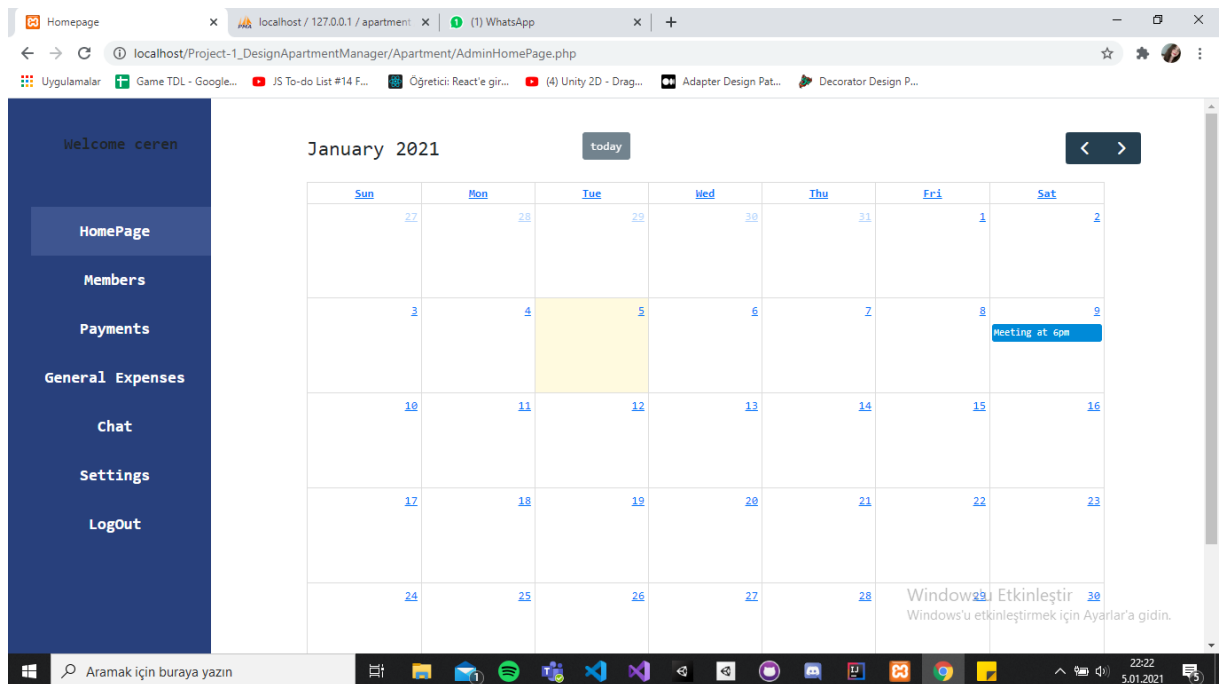

This is my General Login pages. In here you can choose your login style. In this website, admin and members have different opportunities.

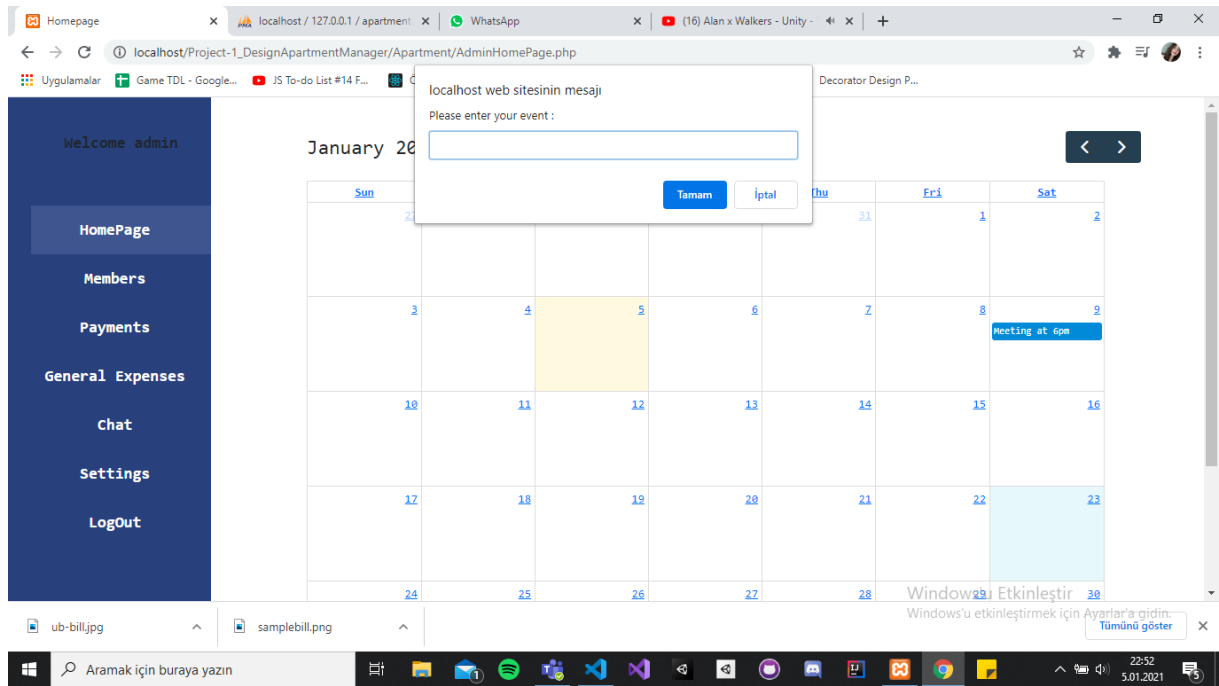

If you choose member login, you will see this login page. You can log in from here easily.

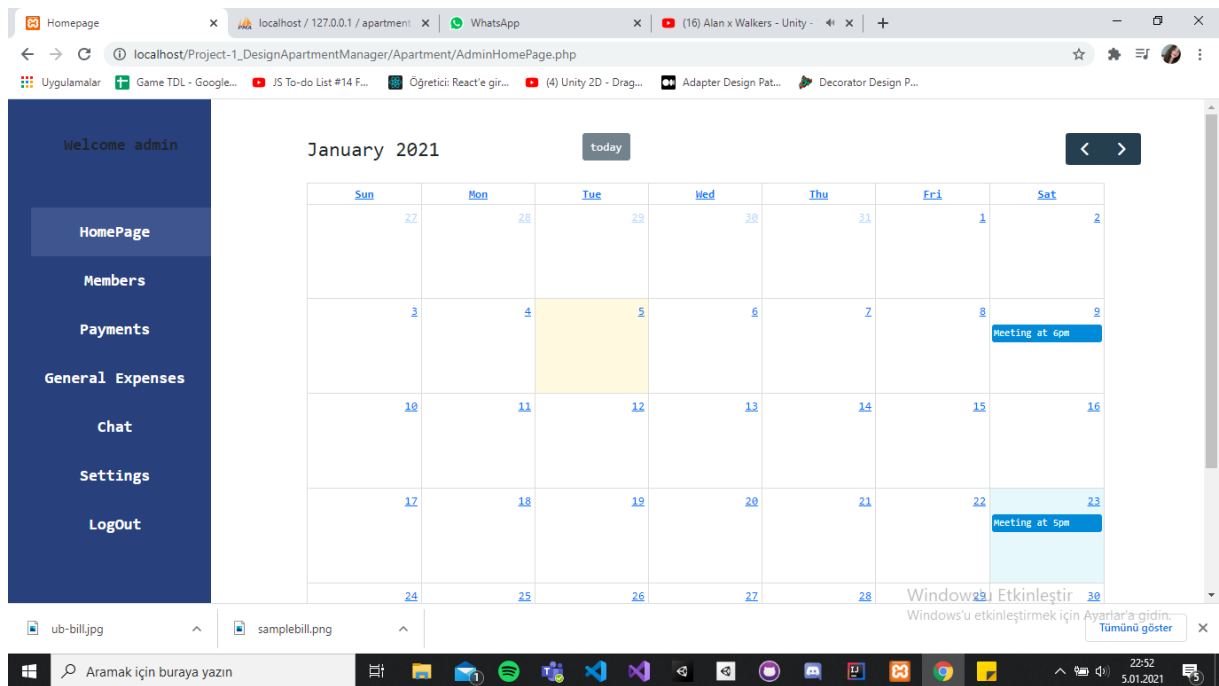

If you choose admin login, you will see this page. Let's login as admin.

When you login as admin, firstly you will see homepage. There is a calendar for meetings and announcements. Members can easily see when is meeting or etc. Admin can add and remove these announcements. I admin clicks a day. Alerts opened and ask from him/her to enter a meeting.

When admin enters the meeting, this meeting seems the date that admin choose.

Admin can remove a meeting, as well. Just an admin adds and removes events. Members can see.

In members page, admin can see all the members with names, apartment numbers, moving date etc. The admin can add a new member to the apartment and remove members when a member moves from the apartment.

Members

Apartment Number	Full Name	Phone Number	Moving Date	Second Phone Number	Owner Of The Second Phone	Delete
1	Demet Akalın	5544444444	1/2021	5435435454	husband	X
2	Mustafa Sandal	5544444444	4/2020	5435435454	wife	X
3	Serdar Ortaç	5544444444	3/2011	5435435454	mother	X

Windows'u Etkinleştir
Windows'u etkinleştirmek için Ayarlar'a gidin.

When adding a member, username and password should be name+ surname+ apartment id. For example, mustafasandal10. Then user can change its password from settings.

Under the payments, admin can see invoices that members updated. When a member insert a payment, should add a bill. So we can see the payments.

In general expenses page, admin should add the expenses that spends for apartment. Also, he/she should add the invoices.

The screenshot shows a web application interface for managing general expenses and invoices. The left sidebar contains navigation links: Welcome admin, HomePage, Members, Payments, General Expenses (highlighted), Chat, Settings, and LogOut. The main content area is divided into two sections: 'General Expenses' and 'Invoices'.

General Expenses Table:

Month	Year	Cleaning	Repairing	Elevator	Gardening	Security	ManagersSalary	Bills	Extra	Total	Inserted Date	Delete
1	2021	\$100	\$20	\$50	\$200	\$2000	\$500	\$200	\$10	\$3080	2021-01-05 10:32:31	

Invoices Table:

Month	Year	Name	File	Inserted Date	Delete
1	2021	Bills		2021-01-05 10:33:15	

Buttons: 'Add New Expense' and 'Add New Invoice' are located in the top right of their respective sections.

If admin hover the mouse into a bill, bill will be big and everyone can see the bill easily.

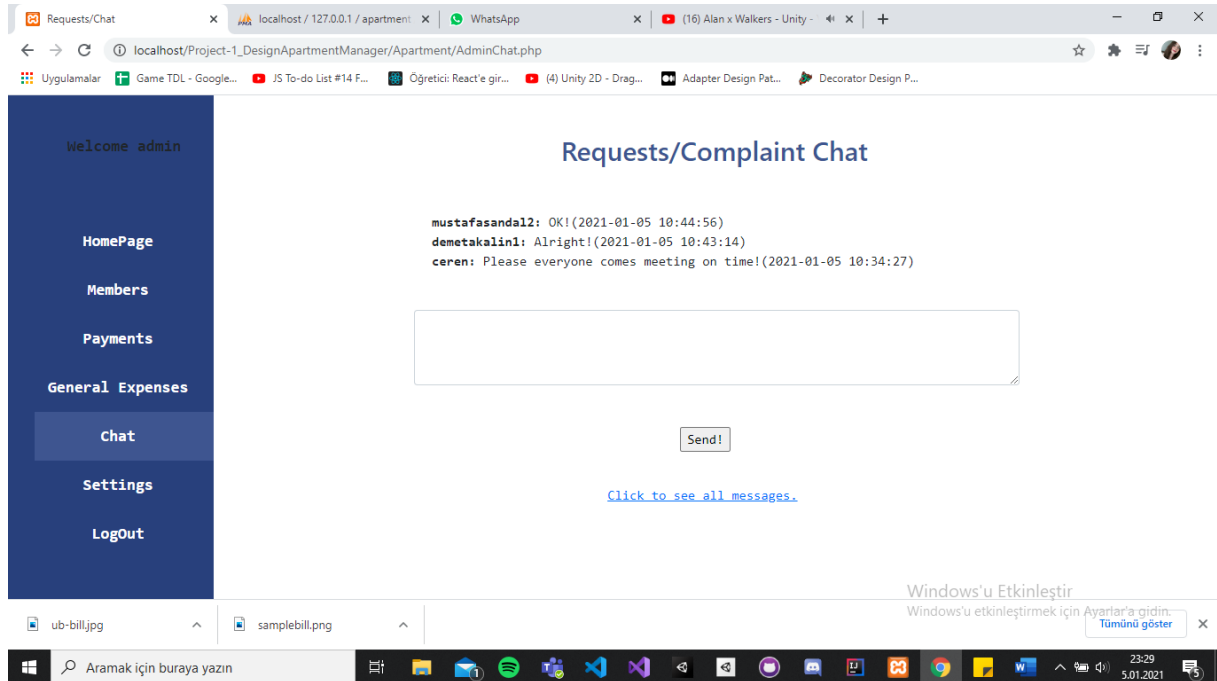

The screenshot shows a detailed student bill from Cortland Community College. The bill is for Sally A. Student, ID: 13043, dated August 13, 2019. It includes a table of charges and payments.

Charges and Payments Table:

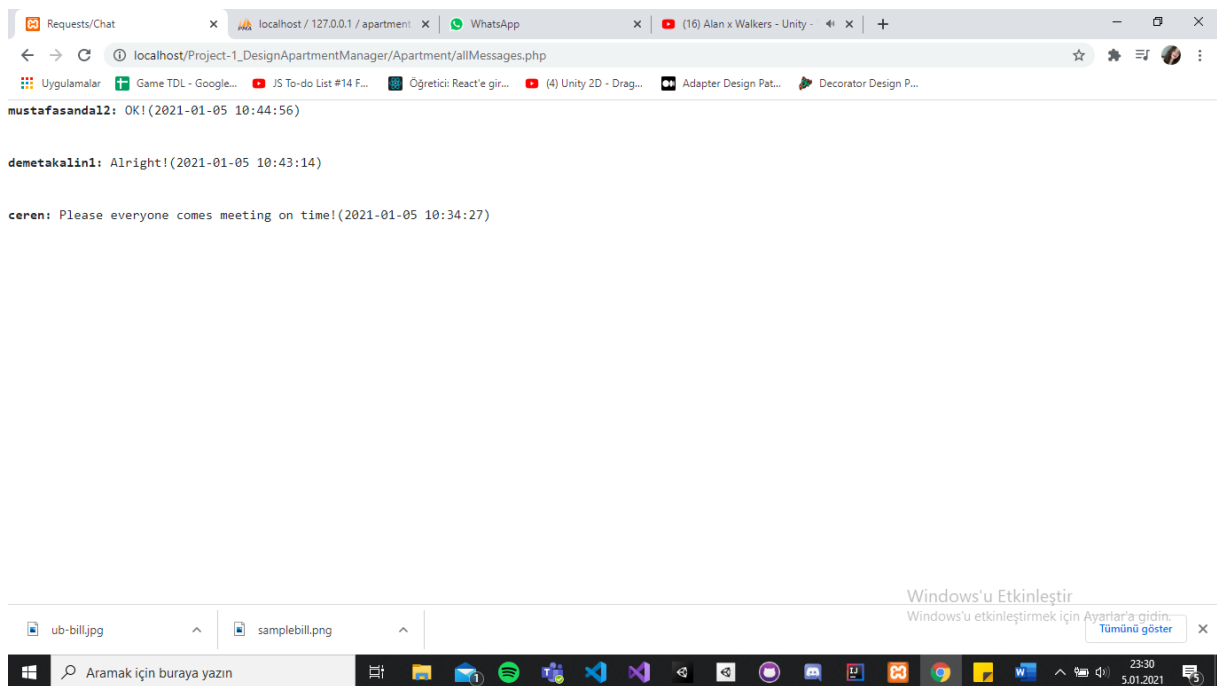

TERM	DATE	TRANSACTION DETAILS	CHARGES AND ADJUSTMENTS	PAYMENTS AND CREDITS	ANTICIPATED PAYMENTS
2019-09	8/13/2019	CURRENT TERM CHARGES	\$845.50		
2019-09	8/13/2019	Student Fee	\$12.50		
2019-09	8/13/2019	Library Fee	\$4,500.00		
2019-09	8/13/2019	Meal Plan Amount Fee	\$2,200.00		
2019-09	8/13/2019	Tuition	\$3,313.00		
2019-09	8/13/2019	Deposited Payment - Housing		\$1,500.00	
2019-09	8/13/2019	Deposited Payment - Tuition		\$500.00	
2019-09	8/13/2019	Current Term Balance	\$5,881.00		\$1,700.00
2019-09	8/13/2019	Current Term Balance	\$4,181.00		\$3,000.00

The bill also includes a section for 'STUDENT BILL' with details about the student's account, a 'Delete' button, and a 'Windows'u Etkinleştir' notification.

In chat page, everyone can send a short message about apartment and meeting. In this page we can see the last five messages. To see all messages click the link.

All messages.

In settings page you can see the admin information. There is a link to change these informations because admin can change.

There is a link to change the login under the form. Now lets see the members pages.

I logged in as a user.

Again, when a user logged in, he/she will see the homepage.

A user just can see the events. He/she cannot add or remove an event.

In member pages, user can see the members information less than admin.

The screenshot shows a web application interface for a member. On the left is a dark blue sidebar with a welcome message 'Welcome demetakalini' and a list of menu items: 'HomePage', 'Members' (highlighted), 'Payments', 'General Expenses', 'Chat', 'Settings', and 'LogOut'. The main content area is titled 'Members' and displays a table with member information. The table has four columns: 'Apartment Number', 'Full Name', 'Phone Number', and 'Moving Date'. There are two rows of data. Below the table, there is a 'Windows'u Etkinleştir' (Activate Windows) notification. The Windows taskbar at the bottom shows the search bar and various application icons.

Apartment Number	Full Name	Phone Number	Moving Date
1	Demet Akalın	5544444444	1/2021
2	Mustafa Sandal	5544444444	4/2020

In payment pages, member can see the amount how much they should pay and can add new payments that he/she paid, as well.

He/she should add a bill again.

The screenshot shows the 'Payments' page of the web application. The sidebar is identical to the previous page. The main content area is titled 'Payments' and includes an 'Add New Payment' button. Below this, there is an IBAN field and a note: '(Apartment Number = 0 shows the price that you should pay in that month.)'. A table displays payment records with columns: 'Apartment Number', 'Month', 'Year', 'Price', 'Inserted Date', and 'Delete'. There are two rows of data. Below the table, there is a 'My Invoices' section with an 'Add New Invoice' button. The Windows taskbar at the bottom is also visible.

Apartment Number	Month	Year	Price	Inserted Date	Delete
0	1	2021	\$300	2021-01-05 10:26:34	-
1	1	2021	\$300	2021-01-05 10:36:49	X

Members can see bills easily in invoices. When they hover the mouse into the bill, bill be big.
